## *About TexasVentures*

Established in 1998, TexasVentures has become one of the world's leading provider of industry based research and knowledge services. We currently provide a number of services and products to the industry globally that includes:

### **Sector Research & Competitive Intelligence**

TexasVentures is a leading research organization for industry vertical sectors. Since 1998 we have worked with many top global projects and helped companies with vital research inputs. The key areas include best practices and emerging models.

By partnering with TexasVentures, companies receive access to an experienced business intelligence unit, with a team of highly trained industry analysts with years of hands-on industry expertise. TexasVentures analysts cover 4 languages, work on 4 continents and have completed hundreds of research projects.

### **CEO Round Table and Executive Conferences**

TexasVentures is the leading producer of worldwide annual large-scale CEO Round tables and executive level conferences covering the manufacturing and services sector. Our events are focused to reflect the most important issues, current developments and latest trends in the industry. TexasVentures regularly attract CEOs and senior executives from top global companies.

### **Consultancy Group**

TexasVentures runs a program that provides credibility and awareness for a company's brand and/or solution to a global audience. We research, produce, write and consult for companies through a network of senior consultants that include top line management gurus.

• Asia Pacific • Europe • North America • South Asia
