SMEs urged to focus on innovation

SPECIAL CORRESPONDENT COIMBATORE
 Small and medium-scale Enterprises were urged by the speakers at Global Manufacturing Cluster Vision here on Friday to focus on innovation.

M.K. Narayanan, Chairman of CyQureX, said India's growth is largely from mid-sized cities, with Pune and Coimbatore as examples. "We (the country) are at a new and decisive turning point with tremendous opportunities," he said.

He was speaking at the conference on the theme "Fostering Innovation" organised by TexasVentures, with Coimbatore District Small Industries Association (CODISSIA), as part of Intec 2019.

Jairam Varadaraj, chairman of the conference, said that for growth, businesses should look at change and move in a new direction.

Global Manufacturing Cluster Vision in 2030: Eminent industrialists interact in seminar

COIMBATORE, JUN 10: Eminent industrialists interacted in a seminar titled "Global Manufacturing Cluster Vision in 2030" jointly organised by Kovai-Intec, Codissia and Texas Ventures at Hotel Radisson Blu here on Friday. Codissia president R. Ramamurthy and former president K. Ilango welcomed the industrialists and other dignitaries. Dr. Jairam Varadaraj, Managing Director of Elgi Equipment, inaugurated the seminar and delivered the inaugural speech. Dr. Jairam Varadaraj said that industries have been facing numerous problems every day. There is no solution for all the problems.

We have been facing problems like the GST, power, labour, water etc. At the same time, we have to focus on the development of industries. At the global level the contribution of Indian industries for production is minimum. As far as India is concerned it has not reached any big growth in industrial production. Meetings of industrialists should be convened at the state and central level and solutions to industrial problems should be found in those meetings.
